

NAVIGATE

Exploring College and Careers

NAVIGATE is a free classroom resource from the Federal Reserve Bank of Dallas that guides students as they explore the path to college and career. The lessons encourage students to take three important steps.

1 Map Your Interests

What do you like? What are your interests? Visit www.mynextmove.org to take a personality test to identify careers based on your interests.

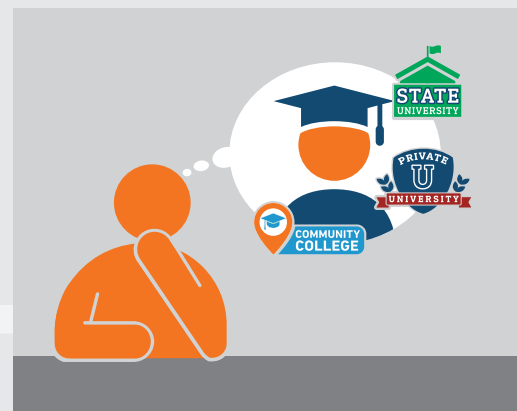

2 Explore Careers

Search www.bls.gov/ooh to learn about the working environment, job duties, median salary and required education for the careers you identified.

3 Investigate College

Visit bigfuture.collegeboard.org to learn about schools that can provide the training you need to begin your career. Learn about types of schools, areas of study, costs, financial assistance, campus life and more.

Learn more about NAVIGATE and order classroom materials at www.dallasfed.org/educate/navigate.
